Post #2

Sample Caption: Eliminating PPS payments for undocumented patients won't just hurt them—it will destabilize care for everyone. CHCs serve 1 in 3 Medi-Cal patients but get <16% of GF spending. This cut threatens the most efficient care model in the state.

Post #3

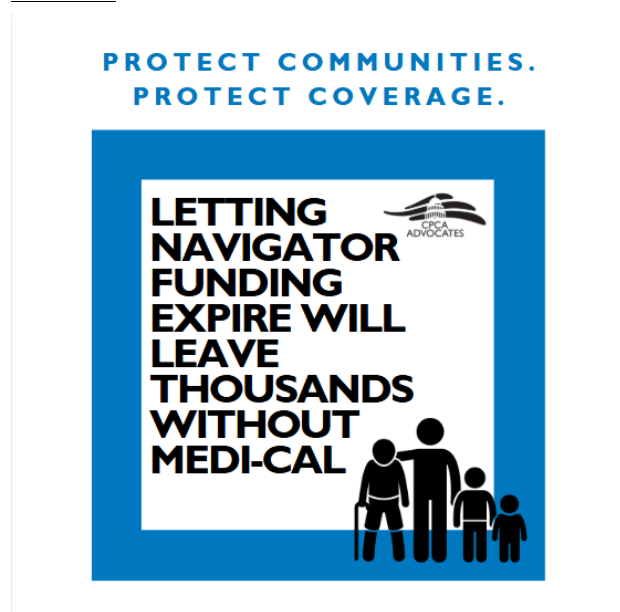

Sample Caption: Cutting reproductive health funds and excluding FQHCs/RHCs from rate increases threatens access, especially for the most vulnerable. Directing these funds as intended honors voter intent, safeguards essential care, and helps build a healthier, more equitable future for all Californians."

Post #4

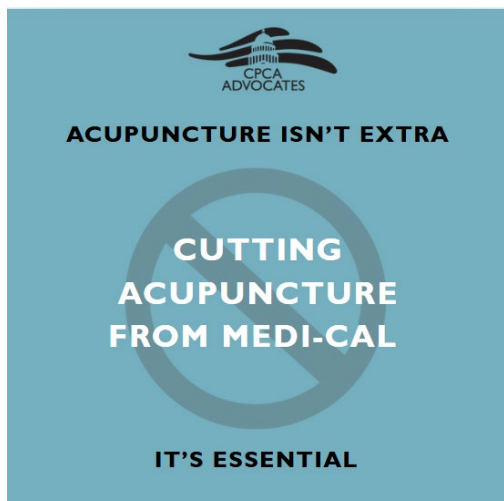

Sample Caption: Don't let funding for Health Enrollment Navigators expire. These trusted guides help Californians—especially immigrants, seniors, pregnant people, and those with limited English—get and keep Medi-Cal coverage. Navigator support works: 97% of applicants complete enrollment with their help, compared to just 70% without. With major eligibility changes ahead, we need more help, not less. Keep Navigators funded in the final budget.

Post #5

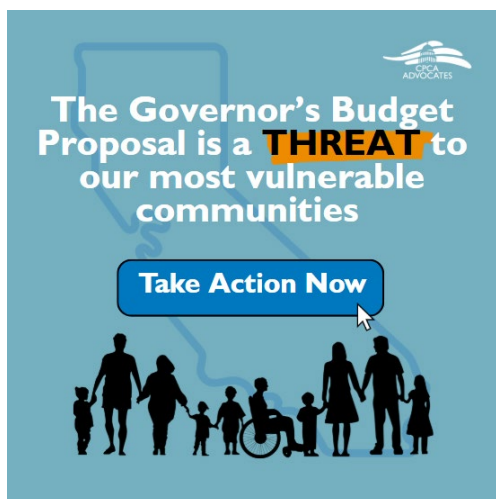

Sample Caption: Cutting acupuncture from Medi-Cal is a step backward. This vital, evidence-based service helps manage chronic pain and offers non-opioid alternatives—especially for AAPI and opioid-impacted communities. It's cost-effective, culturally relevant care that improves outcomes. Don't eliminate what works.

CANVA HOW TO TIPS

How to use the templates files:

- Click the [link](#) to open the design file.
- Click File from the status bar above the editor.
- Click Make a copy. The duplicated design will open in a new tab.

You can make copies of your designs to keep the 'original' versions' for editing. This is helpful if you don't have access to your design history. You can also make copies of designs that are shared with you.
